Edith Ellison; 3rd, M. Ellison; 4th, J. Salmon.

Iced Cakes—1st, H. Brown; 2nd, L. Grice; 3rd, A. Ronning; 4th, J. Salmon.

Plain Cakes—1st, E. Wamamaker; 2nd, M. Ellison; 3rd, A. Scamen; 4th, E. Ellison.

After the judging had been done, Mr. Stephen gave a short address on the place of the school fair in the life of the community. He was followed by Mrs. McKinney, who congratulated the children on their prowess in raising such root crops during the year. Mrs. McKinney, in her speech encouraged all to greater efforts.

The Prince Invests in War Savings Stamps

Not the least among the many gracious acts performed by the Prince of Wales during his brief address on the place of the school fair in the life of the community, was his purchase of a complete certificate of war savings stamps. His Royal Highness was delighted to find that in Canada, war savings stamps are on sale similar to those that are so popular in England. It was his intention to call at the post office and make his purchase of the stamps in the regular manner, during his stroll around Ottawa. Inconspicuously but pressure of other engagements prevented this being done. The stamps were therefore sent to him at Government House and the sale duly made, in cash, by the secretary of the national war savings committee. The Prince was quite willing that his investment should be made known and kindly sent the following letter, with permission to publish it, to Sir Herbert B. Ames, chairman of the national war savings committee:

Government House, Ottawa, 1st September, 1919.

"Dear Sir Herbert:—I am pleased to be the holder of a Canadian war savings certificate. I am delighted to find that in Canada, war savings stamps are on sale, similar to those we have in England. I wish the war savings campaign every success."

Yours sincerely,
(Signed) Edward P."

Fined for Sunday Shooting

On Sunday last, in answer to a phone call, Corp. Rogan and Game Warden McRoberts went to the rescue of the Fishhawk neighborhood where the intrusion of a party of hunters on Sunday and the shooting of ducks on all sides became too much to be tolerated by civilized inhabitants. The party rounded up proved to be from Cranum, a party of six, of whom three pleaded guilty to the shooting. They were Messrs. Tidale, Munroe and Marlett, and were arraigned before Magistrate Henderson at 1 o'clock Monday morning and each fined \$25.00 and costs—Pincher Creek Echo.

DOMINION LANDS

Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 20th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with the Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By order,
L. PEREIRA, Secretary,
Department of the Interior,
Ottawa, August 26, 1919.

NOTICE

Applications will be received by the undersigned up to the first of October for the position of Secretary-Treasurer of the Municipal District of Argyle No. 99.
A. H. Tovel,
Sec.-Treas. M. D. Argyle No. 99,
Clareholm, Alta.

One taste is enough to convince you that it's useless to look elsewhere for its superior. Equals it may chance to have, but superior, never. We have Ice Cream in all the most delicious flavorings packed in our freezers ready to serve by the pint, quart or gallon. How much can you use today?

J. B. BOESE License No. 9-2089

Canada To Prohibit Excess Profiteering

Ottawa.—The Board of Control is forthwith to investigate points of necessities of life. According to a ruling of the board, the special object of the enquiry "shall be to ascertain evidence for the purpose of ascertaining what (with allowance in each case for 'losses') shall be deemed to be fair profits, and to fix a date after which the taking of profits in excess of a rate to be determined shall be deemed unfair under the Combines and Fair Prices Act." The enquiry will embrace all matters which arise or indicate the breach of any provision of the act, or any other antecedent laws or regulations.

The chief commissioner, Judge H. A. Robson, and Commissioner O'Connor are each to be specially called to report to the board, each of the said commissioners sitting for the purpose at such time and place as may be determined.

Terrors Of Bolshevism

Everyone in Russia Lives Under a Shadow of Horrible Death and Torture

London.—Commander Colonel John Ward has arrived in London, having been summoned from Russia by the War Office for consultations. In an interview he stated that the horrors of Bolshevism had been far more than exaggerated. He said, indeed, doubtful as to whether the story of half the atrocities in Russia had yet been told.

The secret of the prolonged regime of the Bolshevism was simply terrorism. Everyone in Russia acted under fear of domination and of horrible death. Besides there was no food, clothing or other necessities of life for those refusing to profess Bolshevism views. Again, the bolshevik controlled the risk manufacturing districts and all attacks on them had to be made from the sparsely populated areas, hence it was important that General Dzhigalov should be supplied with munitions as should be Kolchak.

The Bolshevism forces, states Commander Ward, have practically unlimited supplies of munitions, as only a small portion of the munitions supplied Russia by the allies before the revolution fell into the hands of the Germans. Colonel Ward believes that the Bolshevism had sufficient munitions for ten years.

U.S. Navy to Go to Grece

Vancouver.—Hon. Joseph Daniels, secretary of the United States Navy, will send part of his Pacific fleet to Vancouver September 22, when the Prince of Wales is to be here. Mr. Daniels wired city officials that while he would not be able to present himself, he would be pleased to send part of the fleet, and would "make such arrangements as possible." Mr. Daniels is expected on a dreadnought on September 11.

\$30,000 for Grubstake

Dawson.—The Dawson city welcoming and rehabilitation committee for returned soldiers is writing the Federal government asking the Federal government for \$30,000 for relief of returned men who arrived back here too late to earn a good grubstake, or who are physically unfit, and asking particularly that soldier-mothers be given this assistance in lieu of land grants.

You will always have money if you save half your earnings.

Miners in Britain Are Still Restless

London.—The situation of the coal question now is that the miners' Federation has unanimously rejected the government's plan for settling the miners in favor of nationalization. They have, however, left it to the Trades Union Congress to be held at Glasgow on September 8, to decide whether there shall be direct action by the miners or whether constitutional means shall be employed to secure nationalization of the mines.

This union, in the opinion of the competent judges, that direct action will not be taken. The miners' representatives are said to be firing with the shot and will endeavor to follow the labor strike. Among the miners, transportation workers and railwaymen—to order another battle.

Farming To Be Taught To Imperial Veterans

Those Eligible For Dominion Aid Must Be Ready To Be Trained First

Ottawa.—The Soldier Settlement Board of Canada has issued regulations for the settlement of imperial soldiers or others of the British forces not resident at the outbreak of the war.

In order to become eligible for a loan, those who are not experienced in agriculture will spend two years in training in practical farming, and those who have had farming experience in the old land, sufficient time with farmers in Canada under supervision of the board to become familiar with the Canadian methods. Settlers on purchased land will be required to pay down 20 per cent of the purchase price.

Willson Will Consult People

Going on Stump for Peace Treaty All Over States

Washington.—President Willson has left on his western speaking tour on behalf of the peace treaty, confident of ratification of the instrument by the senate without the aid of "destructive reservations" which would require re-negotiation.

The trip, perhaps the grandest ever undertaken by a President, will carry Mr. Willson and his party as far west as the Pacific coast, almost to the Canadian border on the north and almost to Mexico on the south. He will speak in every state west of Mississippi except four, and will make up for the omission of these by speeches in Ohio, Indiana, Kentucky and Tennessee. In Seattle he will receive the Pacific fleet.

Although it is expected that the President will devote most of his attention to the peace treaty, he probably will also touch on the high cost of living and other domestic problems.

Rumors Waste in Navy

Admiral Fisher Suggests Money Might Now Be Reserved for Better Things Than Fleets

London.—A protest, couched in vigorous language in the Times by Lord Fisher on naval expenditure has evoked interesting comment. Lord Fisher declared that alleged irreducible and ruinous waste in the navy, which now costs one hundred and thirty million pounds annually, as compared with thirty-four million in 1904, notwithstanding that the German fleet does not exist. Lord Fisher declares that half the navy is already obsolete and should be scrapped and says that the other half will be equally useless in a few years because of internal combustion engines and oil.

Lord Fisher concludes "If the nation does not sack the spendthrifts, the day of crunching is not far off."

Another Heizenholler

Berlin.—A son has been born to Duchess Victoria Luise of Brunswick, daughter of former Emperor William.

Cheaper Meat for New Yorkers

New York.—The retail price of meat has declined from one to two cents a pound in this city since the arrival of Arthur Williams, federal food administrator, who has just issued his week-long fair price list. In the matter of groceries, however, the campaign against the pool has not been so successful, as most of the items under this head have increased slightly.

Arrest Mexican Outlaws

Washington.—Cattell, responsible for the murder of John W. Correll, an American citizen, have been arrested and will be placed on trial at Tampico, the Mexican embassy has announced. The arrests were made near Los Mochales and included Raul Diaz Arizola and his followers, Rafael Ruiz, Francisco Gamboa, Blas Vidal and Francisco Valverde.

Prince Will Unveil Statue

London.—The statue of Queen Victoria, purchased by the British nation, and will be placed on trial for placing in front of the government buildings at Victoria, a being shipped, and it is hoped that it will be unveiled. The statue has been at the Royal Exchange.

Aviators Take Up Life On Ranch

To Breed Horses, Cattle and Sheep and Grow Cotton

London.—A party of British officers of the British forces held a meeting here with the purpose of getting acquainted personally with their departure for Central America, where they will take up life on a ranch under the supervision of Brig-Gen. Alfred Crichtley, former commander of the Royal Air Force.

Brig-Gen. Crichtley originated the plan to reconquer the desire of the part of many other demobilized officers for healthy sporting and adventurous open-air life, combined with unlimited possibilities of a commercial nature.

On the ranch, which is located in the centre of a thickly populated zone, it is proposed to breed horses and cattle and sheep, and grow cotton and other crops. The estate belongs to Lord Crichtley.

It is planned to divide the land among the members of the party after the first year spent on it.

All the members of the party who will make the trip are bachelor, but married men are former officers of the British forces. They are all connected to membership in the club after the inauguration of the enterprise.

Brig-Gen. Crichtley, who is widely known in Canada as a sportsman, hunting, polo, golf and tennis, is his favorite pastimes. He was a member of the Lord Strathcona forces at the outbreak of the war and was to Europe and served with the First Canadian Division. He was awarded the D.S.O. in 1915.

Army Food Going Cheap

Prices Slashed to Meet Cut Made By Chain of Grocery Stores

New York.—Sale of surplus army food in New York took on the aspects of a cut rate war, when Market Commissioner Day, in charge of the government food stores, ordered a cut in soup prices made by a chain of grocery stores following army food sales.

The army soup originally was sold at nine and ten cents a can, which was below the price chain stores were asking for similar products. The chain stores cut their prices to three for 23 cents. Commissioner Day said that for army soup is seven cents a can.

Commissioner Day also announced a downward cut in prices charged for army bacon, beans, corn, condensed milk, corn syrup and canned tomatoes. All these staples are being sold at cut rates, gradually below those fixed by the fair price committee, he said. According to Commissioner Day, the army food sales in the last twelve days, \$300,000 in eight days, and at the present rate the supply of army food will be exhausted in two more weeks.

Warm Income Tax Dodgers

Winnipeg.—A local paper, in a special dispatch from Ottawa, states that prosecution of income tax dodgers is being pushed in the navy by a report from the Department of Finance. The department, it is said, plans vigorous prosecution of all persons who failed to file a return on their income or who gave false information. Several Montreal and Halifax business men and several prominent westerners are in line for early prosecution, it is reported.

Armenians Fear Massacre

London.—Responsible authorities in Armenia continue to emphasize the exceedingly grave situation that must follow the withdrawal of British troops. There are exclusive indications that as soon as the withdrawal occurs the Armenians will be attacked from the east and southwest by Tatars, Kurds and Arabs, who will likely form a combined force under Turkish officers. The Kurds and Tatars are already marching on Erivan, the Armenian capital, to be in readiness to strike when the Armenians are left defenceless.

Threw Bomb at Governor

Tokio.—Advices received here from Seoul, capital of Korea, state that bomb was thrown at Governor-General Saito and that twenty persons were wounded, including an American woman named Harrison, who is believed to be related to Carter Harrison, former Mayor of Chicago. Governor-General Saito was not wounded. No further details were received.

New Zealand Agrees

Wellington, N.Z.—The peace treaty with Germany was unanimously agreed to by parliament, and members of the Labor party had criticized the pact.

Germans Must Fulfill Peace Terms

Will Show Firmness in Having Peace Treaty Fully Carried Out

Paris.—Commenting upon the action of the peace conference in simultaneously handling Austria, in final form, the peace terms framed for her acceptance, and the delivery to Germany of the new demands, a change in the German constitution to eliminate the provision for the selection of Austrian representatives to the German parliament, the Paris newspapers declare this was not a simple coincidence. It meant, the papers argue, once a firm resolution in the Allies to insist upon respect for the terms of the German treaty as regards Austria and the definite end of the Danubian monarchy.

Australians To Learn Dry Farming

Hundred Picked Veterans Will Study Methods in United States

New York.—One hundred picked Australian soldiers will arrive in New York on the steamship Celtic, to the University of California, where they will take a twelve months' course in farming. It was announced here. They will return home and teach Australian soldier farmers the scientific agriculture and irrigation.

The Australian Commonwealth recently appropriated nearly \$200,000 for the aid of returned soldiers in obtaining land and holding lands. Believing that a large number of veterans will go into agriculture, the government has sent the Australian delegation to the United States to study modern farming methods.

Significant Shuffle in Cabinet

Hon. Arthur Sifton Now Minister of Public Works

Ottawa.—A small, but in a way, significant shuffle in the cabinet took place, when Hon. Arthur Sifton, former minister of customs, walked out of the square and took the place of Hon. E. H. Carvell as minister of public works.

No announcement is yet made as to the customary period, but it is quite possible that when Hon. Martin Burrell, secretary of state, goes out, Sifton will be promoted to the cabinet rank. By this move Mr. Sifton heads a spending department, and considerable interest attaches to the change.

Made in Germany

Story of Proposed Attack Upon Petrograd Without Foundation

London.—It has been ascertained that the dispatch from Berlin giving German reports from Riga to the effect that Gen. Gough, of the British Expeditionary Force, had received information from the population of Petrograd that an attack was about to be made on that city is without foundation.

Gen. Gough left Heligoland August 19 for home, and at the present time is in England. He did not see Admiral Conant, commander of the British naval force, operating in the Baltic sea, before his departure for home.

Armenians Fear Massacre

London.—Responsible authorities in Armenia continue to emphasize the exceedingly grave situation that must follow the withdrawal of British troops. There are exclusive indications that as soon as the withdrawal occurs the Armenians will be attacked from the east and southwest by Tatars, Kurds and Arabs, who will likely form a combined force under Turkish officers. The Kurds and Tatars are already marching on Erivan, the Armenian capital, to be in readiness to strike when the Armenians are left defenceless.

Threw Bomb at Governor

Tokio.—Advices received here from Seoul, capital of Korea, state that bomb was thrown at Governor-General Saito and that twenty persons were wounded, including an American woman named Harrison, who is believed to be related to Carter Harrison, former Mayor of Chicago. Governor-General Saito was not wounded. No further details were received.

New Zealand Agrees

Wellington, N.Z.—The peace treaty with Germany was unanimously agreed to by parliament, and members of the Labor party had criticized the pact.

W. N. U. 1282

Wilson Explains The Peace Treaty

100,000 Germans Escaped Service

Switzerland Leads Neutral Countries With 40,000 Deserters

Geneva.—Nearly 100,000 deserters and men are considered deserters from the German army during the war, according to Munich advices. Included in this number are many thousands who were in England and America at the outbreak and were prevented from joining the German army, and men are considered deserters who joined the Allies.

Switzerland leads the neutral countries with forty thousand deserters. A proclamation of amnesty to them has been issued if they will return to Germany this year, but many former German soldiers in this country refuse to go back, fearing that they will be placed in the ranks once more because the allies have prevented Germany to retain her army on foot wearing until the end of 1919. The amnesty proclamation does not apply to those accused of treason.

Cheap Meat For U.S.

Five Million Pounds of Frozen Food Made Available By The Government

Washington.—Five million pounds of frozen meat, now in cold storage at the United States Department of Agriculture, will be made available for sale. The offer will remain in effect until September 25, at which time other methods of marketing such portions of the stock as remain will be resorted to.

The meat in storage include about 1,250,000 pounds of frozen poultry at New York and more than 1,000,000 pounds in the Chicago zone. This will be sold at 25 cents per pound. Large quantities of frozen steaks and pork shoulders and hams also will be offered from 16 to 27 cents. Since these products can only be transported in refrigerated cars, no order for less than a carload lot will be accepted.

German Doctors For Russian Army

Berlin.—The medical journal in Germany is publishing advertisements offering positions to German physicians and surgeons in the Russian army. Attractive pay and the right of securing home-leave is promised them.

Medical men are urged to enlist with volunteer troop units organized for fighting Bolshevism and are promised a premium of 5,000 marks for the counter-revolution is successful.

Austria's Hopes Blasted

Geneva.—The Austrian peace terms have been received in Vienna with great surprise and indignation, according to a press dispatch from here.

It is believed that the Renner ministry will fall as a result. Monarchists circles consider that the terms are a crushing blow to the hope of the return of the Hapsburgs. Former Emperor Charles, who received the news from Paris some time ago, the reply of the allies was handed to the Austrian government, has decided to leave Switzerland.

No man ever comes half way up to the expectations his mother had of him when he was a boy.

Feasibility Of Airplane For Commercial Use

London.—The Air Ministry states that the demonstration flight recently carried out to Scandinavian countries by a flying boat of the Royal Air Force proved to be remarkably successful.

Starting from Felixstowe and proceeding via Dronters, the machine flew direct to Norway, and landed at Christiansund, this being the first occasion on which the journey has been accomplished by a British aeroplane. From Christiansund the trip continued by stages to Christiania, Copenhagen, Stockholm, and back to Felixstowe, the total distance of 2,450 sea miles, which was covered in a total flying time of 48 hours and 40 minutes.

The flight was made entirely as a demonstration of the commercial use of flying boats, and it is noteworthy because no mishap of any kind occurred, despite the fact that from its departure until its return to Felixstowe, the machine was in the water for a total of 27 days on the water or in the air. Exhibition and passenger carrying flights were carried out at Christiansund, Christiansund and Copenhagen.

The first exhibition flights were made before the King and Queen of Norway, and as the Queen expressed a desire to fly, her Majesty was taken up on two occasions, seated beside the pilot. Her Majesty was very interested in his manipulation of the controls and during the second exhibition, Copenhagen, was accompanied by the Crown Prince, her Majesty actually took control of the flying boat for a short period.

A very good impression was created in each of the Scandinavian towns visited and it is of great value to the flying boat, and it is noteworthy because no mishap of any kind occurred, despite the fact that from its departure until its return to Felixstowe, the machine was in the water for a total of 27 days on the water or in the air.

Columbus, Ohio.—In the first speech of his truly continental tour, President Wilson here urged the United States people to exert their influence for peace by urging the United States Senate of the peace treaty signed with Germany, and predicted that the senate would ratify the treaty.

"When this treaty is accepted," he said, "the men in khaki will never have to go to the sons again, and I say 'When it is accepted, because it will be accepted.'"

Speaking to a capacity audience which filled every nook in Memorial Hall, the President said that his purpose during the trip "to debate" the treaty, was to expound it to the people. He declared there was a concert of feeling among the allied representatives at Versailles. Referring to the United States delegation, he said:

"We were under instructions, and we did not dare to come home without following these instructions. I could not have brought back the kind of a treaty I did bring back, I never would have come back, because it was accepted."

President Wilson appealed to his hearers if they would not read the treaty themselves, to at least accept the account of its contents as given by those who made it.

The League of Nations, he declared, was not a dream, but a reality. He promised that the United States was fighting this war to "end business of that sort forever." Not to establish the League of Nations, would have been unfaithful to those who had died. Besides, the President said, the treaty had brought the war to a close. It gave and gives each nationality the right to live their own lives. "That," he said, "was the American position and it was glad to fight it."

France Accepted Friendly Offer

How They Agreed to Border Line Under Terms of Peace Treaty

Paris.—During the debate on the peace treaty in the Chamber of Deputies, Captain Andre Tardieu declared that France in February last had proposed the drawing of a geographical frontier to be fixed at the Rhine. He said that President Wilson, who had recognized the justice of the request, but instead of granting France the occupation of the left bank of the Rhine, they promised immediate help in the event of German aggression. France appreciated this offer, which was unique in history. Captain Tardieu said he was of the opinion that the British army, if its services were ever required, would not arrive too late, they promised immediate help in the event of German aggression. France appreciated this offer, which was unique in history. Captain Tardieu said he was of the opinion that the British army, if its services were ever required, would not arrive too late, they promised immediate help in the event of German aggression. France appreciated this offer, which was unique in history.

Oil Find at The Pas
Winnipeg.—Reports reaching here from The Pas, state that a discovery of crude oil of great commercial value has been made 20 miles southwest of The Pas.

"A Joan of Arc Machine"

"SHE withstood everything in the field and above all war, and still is, the last and only car to survive until the cessation of hostilities."—Extract from letter received by Ford Motor Company from a British Soldier, in Africa.

Over shell-torn roads, through water soaked fields, second only to the tanks in its power to climb debris and crater holes, the Ford car made a world famous record in the fighting area of the great war. In previous despatches, in field reports, in letters, in rhyme and song the praises of the Ford were sounded.

In France - 700 cars out of 1,000 were Fords
In Italy - 400 cars out of 1,000 were Fords
In Egypt - 900 cars out of 1,000 were Fords
In Mesopotamia - 900 cars out of 1,000 were Fords

The Ford power plant that established this world-wide record in every theatre of the war remains the same. It will be in the Ford you buy.

Over 100,000 Fords were built during the war. The open models the greatest starting and running machines in the world. The closed models the greatest touring and family cars. The Ford Motor Company, Ltd., 100, Queen's Road, London, W. 1, England.

Only the Genuine Ford Parts. 100 Canadian Dealers and 1000 Service Stations supply them.

FRIDAY, SEPTEMBER 12, 1919

There is a general expectation of provincial election in Ontario in October, though no date has been announced.

In the past nine months transportation rates on printers' paper stock have twice taken a big advance. Last December there was a raise of 100 per cent, and now on September 1st comes another raise of more than 25 per cent over the December advanced price. Where is this thing going to end anyway?

Carelessness of campers has brought about a serious forest fire situation in the district south and west of Cardston, where tremendous damage to timber and settlers' property is being dealt by a great conflagration this week. A number of settlers' cabins were burned in the St. Mary's Lake district, and some cattle have been trapped in the fire. Volunteers have been called for from Cardston and the surrounding district to help fight the fire.

Watch for dates Charlie Chaplin in "Chase Me Charlie."

The ladies of the Claresholm local of the U. F. W. A. will hold a sale of home cooking in the Parish Hall on Saturday afternoon, September 13. Sale to begin at 4 o'clock. Tea served from 4 to 6. Proceeds for rest room fund.

On Saturday afternoon, September 13th, at 2 o'clock, Auctioneer Strange will sell a large quantity of household furniture, kitchen utensils, etc., the property of Rev. J. Phoenix and others, by public auction, at Vanhorn's livery barn. This will be a big sale.

Lutheran Services

Divine worship, Sunday, September 21st, in Claresholm, 11 a. m., and in the Clear Lake school 3 p. m. The Ballou Lutheran League will meet in the Prairie Dell school, 8 p. m. A hearty welcome is extended to all.—H. G. Fatland, Pastor.

BUSINESS LOCALS

Rooms—A two room suite, partly furnished if desired. See Mrs. Caesar, first green house east of track, south side of street.

For Sale—40 tons good screened nut coal, \$2.00 per ton.—Alberta Pacific Grain Co. Ltd., Woodhouse, J. A. Laidlaw, Agt.

The cheapest and safest farm fire insurance can be had with the Vawanesa Mutual. See Fraser & Peck.

Coming — Dr. Mecklenburg, the reliable and long experienced eye-sight specialist. Special attention to children's eyes. Charges moderate. Satisfaction guaranteed. Will be at Claresholm on September 30th.

Wanted—100 tons of dry and bleached bones of any description. For prices, etc., see Claresholm Meat Market.

Quarter section of land, close to Stavelo, good buildings and good well, 50 acres seeded to rye, for sale at a sacrifice price. Terms. For particulars apply Box 14, Post Office, Stavelo, B. C.

War Veterans wanted in every district to represent our firm. Experience unnecessary. Pleasant work and liberal pay to live wires.—J. D. H. Bousquet & Associates, Specialty Brokers, Edmonton.

For Sale—Splendid well located quarter section in Kootenay Valley, B. C. Range adjoining Value \$2500. Clear title. Will exchange for farm machinery, horses, plowing or threshing outfit in good shape—either gas or steam. Owner, P. O. Box 32, Lacmire, Alberta.

Two young ladies wanted to call in every home in your district. Pleasant work and large returns to real workers.—J. D. H. Bousquet & Associates, Specialty Brokers, Edmonton, Alta.

McClary's Kootenay

TOP, bottom and all four sides of the Kootenay oven are evenly heated. That is why it is so famous as a dependable baker. There is a thermometer, too, to tell whether the heat is right or not.

No range is quite so easily managed. Duplex grates clear the ashes at a single turn. Burnished cooking top never needs blackened. Nickeled steel oven walls are best clean with a damp cloth. Well-fitted joints and dampers hold the fire—and the oven heat—for hours.

Let us show you the Kootenay.

Sold by J. M. SOBY

To Solve Canada's Employment Problem

EVERYONE in Canada should understand just what the Government is doing to solve the unemployment problems that may arise through the demobilization of our fighting forces.

(1) Employment Offices.

So that everyone—male or female, soldier or civilian—can get quickly such jobs as are available the Government is co-operating with the Provinces in establishing a chain of Public Employment Offices. Employers are being urged to make use of these offices to secure any help they need. Farmers, for example, who need hired men should apply to the nearest office. There will be a Public Employment Office in every town of 10,000 people—and wherever the need for one exists. There will be 60 different offices in all—one-half are already in operation.

\$25,000,000 to be loaned through the Provinces to encourage the building of workmen's houses. This will mean much new work in the spring.

(2) Land and Loans for Soldiers.

To help soldiers become farmers the Government has developed a programme that includes the providing of land, the granting of loans, and the training and supervision of those inexperienced in farming. At present, the soldier is granted, free, in addition to his ordinary homestead right, one quarter-section of Dominion lands. He also receives a loan up to the maximum of \$2,500.

These original plans are now being broadened. If Parliament passes the new proposals during this session, the Soldier Settlement Board will be able to buy suitable land and re-sell it to the soldier at cost.

Land up to the value of \$5,000 may be bought by this plan—the money to be repaid in 30 years. The low interest rate of 5 per cent, will be charged. These new proposals will also permit the Soldier Settlement Board to loan the soldier-farmer up to \$2,500 for purchasing equipment, etc., in addition to \$5,000 loan on his farm.

THE UNIVERSAL CAR

A Ford car repaired with "spurious" or imitation parts is no longer a real Ford.

The inferior parts weaken the car--often injure other parts, cause trouble and breakdowns. The car could not be expected to give Ford satisfaction.

Genuine Ford parts can be bought wherever you run your car. We have on hand enough parts for the needs of every Ford owner in this district. Many other reliable garages carry complete stocks of Ford parts.

You need never accept anything but the genuine. You need never wait for them. Demand Genuine Ford Parts.

Coupe \$975. Sedan \$1,175. Runabout \$760. Touring \$690. (All the foregoing equipped with electric starting and lighting.) Standard Chassis \$625. One-Ton Truck Chassis \$750. These prices are F.O.B. Ford, Ontario. All prices subject to war tax charges, except Truck and Chassis.

D. A. ANDERSON

Claresholm Local News

Sid Todd motored to Lethbridge on Wednesday.

Ralph Lepard is again in town for medical treatment.

Watch for dates of "Chase Me Charlie" in next issue.

A splendid rain today has done much good in this district.

Mrs. Thos. Dodds and children are visiting with relatives in Calgary.

D. E. Cargill left on Tuesday for Olds where he will reside for a time.

A number from this district have gone north to help with the harvest.

Mrs. Ray Laidlaw is home again after a prolonged visit in Calgary.

B. Knudson, Joyce Price and K. Newson motored to Calgary Wednesday.

Rev. Butcher purchased a 700 acre farm last week joining the town of Stavelly.

Mrs. R. K. Peck wishes to announce that she will be at home after October 1st.

J. R. McKinnie, of Magrath, was the guest of his stepson J.W. Morrow last week.

Next week the Rex Theater will reopen for the winter season with every night shows.

Al. Fraser who has been visiting his brother in Calgary, returned home Thursday night.

Mrs. Brereton's father has returned to his home in Nelson, after spending a few days here.

Coming soon to the Rex Theatre Chaplin in "Chase Me Charlie," a five reel comedy feature.

Mrs. Ross and son Andrew returned this week after spending a month in British Columbia.

Mrs. R. Vise and children returned home the first of the week from a month's visit at the coast.

Miss May Amundsen went to Calgary Friday to take up the nurses' training course at Holy Cross Hospital.

Mr. Graham who has been occupying the Whitehill farm adjoining town, left for Detroit on Wednesday night.

Mayor T. D. Lewis returned from his trip to Dakota on Monday last. Hereports much of the crops there damaged by rust and wet weather.

Mrs. Alf. McAllister has been on the sick list this week. We understand that she has been ordered to a lower altitude in order to regain her health.

Lieut. H. T. McKinnie, of the Royal Air Force, with his wife, left Tuesday for Blackie after his trip here, with his half brother J. W. Morrow.

Mr. and Mrs. J. R. Watt returned home on Wednesday night after spending several weeks' holidays at the coast. They report having had a most enjoyable vacation.

The Musical Eckhardts, always good, were better than even Wednesday night. Their bell ringing is as popular as ever, and their musical novelties included many new numbers.

We understand that an S. L. Fraser turned down an offer of \$100 an acre for his farm adjoining Stavelly, which has the record crop this year for all southern Alberta, of 27 bushels of wheat to the acre.

Summer colds are much more prevalent than usual this season, being almost epidemic at present, and are more severe than usual. Doubtless this is owing to the after effects of the Spanish influenza.

Brown Bros. who have been running the tire business opposite the Rex Theater have sold their business and moved elsewhere. A new man will be found at the same stand ready to carry on the business.

J. A. Laidlaw received word Friday morning that his brother Robert had died at Guelph, Ont. He was well known here, having spent about a year here in quest of health, and had only recently returned to Guelph.

WEDDING BELLS

Abel--Knight

A wedding of exceptional interest took place in the Presbyterian church last Wednesday, September 10th, when Capt. Peter Macdonald Abel was united in marriage to Miss Mary Elizabeth Knight, the only daughter of Mr. and Mrs. W. Knight, of Claresholm.

The ceremony was performed by Rev. W. MacNish, an old friend and pastor of the family, now resident at High River, while the church was crowded to the utmost capacity by friends and citizens of the community. The church was decorated from end to end with a profusion of flowers, rose and green being the predominating colors, and a beautiful bridal arch was formed under which the young couple took their pledge of loyalty and love to one another.

Before the ceremony Prof. W. Moffatt played Mendelssohn's Wedding March; and while the bride party were retiring from the church he gave an excellent rendering of Jensen's bridal music.

The bride was given away by her father Mr. William Knight. An old college chum of the groom, Lieut. Gordon of Calgary, acted as best man. The latter was dressed in kilts and wore the uniform of the Scottish Battalion in which he served at the front. The bridesmaid was Miss Davis, of Vulcan, who was dressed in rose taffeta and wore a picture hat of black velvet. She carried a beautiful bouquet of carnations and sweet peas.

The bride was dressed in white crepe de chine with an over-dress of Georgette crepe elaborately embroidered in silver. She wore a tall veil with a string of beautiful pearls and carried a shower bouquet of Aphelia roses.

After the ceremony a wedding lunch was served at the home of the bride's parents, at which some fifty guests were present.

At the home, during the signing of the register, Mrs. Strong Macdonald sang beautifully "Beloved It Is Morn." This was followed by a selection by Miss Eva Moffatt entitled "A Little Song for Two."

The popularity of the young couple was expressed in the large number of valuable presents which were received. We are sorry that space will not permit us to give a list of these and their donors.

The bride's travelling dress was of cream corded velvet, which was worn a taupe dolman coat, and hat of emerald blue. She carried a bag of emerald blue, embroidered in gold, and with amber clasps.

The groom's gift to the bride was a pearl necklace, and to the bridesmaid a pearl brooch.

The bridal party left during the afternoon for Carmangy where they took the evening train for Banff where they will spend their honeymoon. They expect to be "at home" in Winnipeg by October 1st.

Mr. Abel was well known in Claresholm, having spent some years as teacher at the Agricultural College. When the war broke out he immediately enlisted and spent over three years in France, holding many important posts. He is at present editor of the live stock department for the Grain Growers Guide.

Mrs. Abel has been well known in Claresholm for the past fifteen years. She has been a member of the Presbyterian choir and an active worker in the various branches of the church work. Popular and well liked by everyone, she will be greatly missed in the community.

The best wishes of the entire district go with the young couple to their new home and their new relationship.

TOWNS ACT

Section 79, Subsection 2-- "The name of the wife, husband, son or daughter, of each person assessed shall only be entered on the voters' list on application of the person who claims to have his or her name so placed on the voters' list."

See that your name, or the name of your wife, husband, son or daughter, who is of the full age of 21 years, and a bona fide resident of the town, is entered on the list which is now posted up in the office of the Secretary-Treasurer.

Sir Thomas White

Canadian Minister of Finance in his Budget Speech said--

"Our ability to meet and retire our war obligations will depend upon our power to increase our production and to economize individually so as to bring each year substantial increase in domestic wealth and savings."

In other words the motto for the future must be "Produce and Save."

Back To School

The schools' summer holidays are over for another year, and teachers and pupils are again occupying their places in the little schoolhouses.

But while the teachers are in their places, something more than the thousand of them in the three Prairie Provinces, it is important to ask and answer the question whether all the boys and girls are again in school who ought to be there.

Compulsory school attendance laws are in force in these provinces, under which it is obligatory on parents and guardians to send their children to school until a certain age is reached. These are wise laws, designed to prevent future citizens from growing up to young manhood and womanhood not only uneducated, but illiterate. In this western country, boys and girls are wisely expected to learn to read, write and speak English and master the rudiments of a primary common school education. Every year, however, some thousands of boys and girls reach the age when the compulsion of the law enforces school attendance is lifted, and it becomes a matter to be decided by the fathers and mothers when their Charles or John or Susan shall return to school, or whether they will be kept at home to help on the farm or in the store or about the house, or be allowed to go out and "get a job" and thus help to feed the family.

It is a critical decision fathers and mothers are called upon to make. Boys and girls, usually, are anxious to get away from the discipline, routine and what so may appear as the drudgery of school. It is not until later years that they look back upon their school days as the happiest, most carefree days of their lives. In their teens, however, they are anxious to go out into the world and begin life's great adventures. It is the parents who must decide wisely for them.

After all, as one observer has said, it is just a matter of arithmetic. If, in their teens, however, they are anxious to get away from the discipline, routine and what so may appear as the drudgery of school. It is not until later years that they look back upon their school days as the happiest, most carefree days of their lives. In their teens, however, they are anxious to go out into the world and begin life's great adventures. It is the parents who must decide wisely for them.

Then comes along the president

and the job's confounder and says: "Well, if he goes back to school and gets cram full of book learning what will it profit him? Does not a plumb line run more than a scholar's wife?" These are unfair arguments and illogical. The trained carpenter and the skilled plumber having the backing of a good education, can outpace the untrained carpenter or plumber who left school before he was half-way through. It is the educated man who succeeds in business for himself while the uneducated ones become his employees. And in this age and generation it is not necessary to dwell on the fact that successful farming has become a substantially organized business undertaking, a really scientific undertaking in the carrying on of which ignorance and slipshod methods can have no place, in which the trained, intelligent, thinking man is pre-eminent.

But everything should not be measured by the money standard. Is there not a better opportunity in life for happiness, for contentment and for service, for the boy or girl possessing the qualifications and powers which a good education confers upon them? Is there not a place in the community, the Province, the Dominion which only the educated can fill, and in these days, and in the years to come, service to our country and to our fellow men is going to come.

For parents must ask themselves the question whether, by withdrawing their children from school before they have secured the advantages of a high school education, they are going to deny to them the opportunity of fitting themselves for the rendering of some service, and of attaining the place in the life of their country which they may otherwise be exceptionally well qualified to fill.

The fathers and mothers of today are the trustees of the future citizenship of Canada. With them rests the burden of the future, and it is a tremendous responsibility. The wise decision will be to keep their boys and girls in school just as long as they can possibly do so, and thus give to them the best possible equipment for their life work, no matter to what lot or sphere of activity they may be called.

"Cold in the Head"

Is an ailment which is common to persons who are subject to frequent "colds." The famous CATARRH MEDICINE will build up the system, and cure the cold, and prevent the return of the ailment. WHY BEAUTY FADES

A Condition Due Entirely to Poor, Watery Blood
The girl who returns home from school with a pale, listless face, and out will be fortunate if she escapes a physical breakdown, because this condition is due to poor, watery blood. It is a condition which is due to poor, watery blood. It is a condition which is due to poor, watery blood. It is a condition which is due to poor, watery blood.

Flax Survey in Ontario
Toronto—A personal survey of the flax situation in Ontario made by Mr. J. H. Miller, field crop specialist of the Department of Agriculture, reveals the fact that the crop this year is the best one, at least one-third of the yield being over 200 bushels per acre. This quality will be made into Scotch tow, and the remaining two-thirds of the crop will be made into flax seed.

Asthma Brings Mirrie, But Dr. D. K. Kellogg's Asthma Remedy will cure it. It is a sure remedy for all cases of Asthma. It is a sure remedy for all cases of Asthma. It is a sure remedy for all cases of Asthma.

Isn't it a fact, that the congregation of a wide-awake preacher is the one that caught napping?

Define Preferred Goods

Twenty-five Per Cent. Total Value of Home Production

London—According to new "imperial preference" orders issued by the board of trade, preferential rates shall apply to refined sugar, molasses, other extracts and manufactured products only in respect of their proportion of these goods as compared to the proportion of dutiable materials used in their manufacture. It is shown to have been grown or produced in the empire. Another condition is that the goods shall be deemed to have been manufactured in the empire unless at least 25 per cent of their total value is the result of labor within the empire.

Cardinal Menck to Visit U.S.A.
Menck, Cardinal of Cologne, is to leave for America on Sept. 15, according to the most recent information. It is said that he probably will visit King Albert and Queen Elizabeth.

5,000 LIMERICK PRIZE

The winning of it can't be the pain of the cure, but "Painman's" is a sure remedy for all cases of Pain. It is a sure remedy for all cases of Pain. It is a sure remedy for all cases of Pain.

Figures on Strike Losses

Ottawa—According to figures prepared by the Canadian Department of Labor, a total of \$1,127,249 has been lost from strikes from 1901 to 1919. Putting the minimum wage at \$3 a day, the department estimates that the working men of Canada have lost at least \$14,000,000 during the period, though no estimate is made of increased wages secured through the strikes.

The total number of strikes was 2,127, involving 707,723 employees.

Disappearing Hair

"I think the baby has your hair, mother," said the new mother, looking pleasantly at her mistress.

"Gracious!" exclaimed the lady, glancing up from her novel. "Run into the nursery and take it away from her. She will ruin it!"

"Thank it might be confound with the truth, but it's true," said Brown.

"Yes," replied Jones. "Why had you to do it right after he had eaten raw cotton?"—Knaveville Journal and Tribune.

Canada's Increasing Wool Production

Government Figures Would Indicate a Production of Close to 18,000,000 Pounds

The wool clip of Canada for 1919 has been placed at 18,000,000 pounds, according to early estimates, says the Manitoba Free Press. This represents a very material increase over last year, and probably makes the apex of wool production for the current decade. Government figures indicate a production of close to 15,000,000 pounds, but this is thought by well informed persons in the wool trade to be in excess of the actual clip. The 1918 production was 12,000,000 pounds & thereabouts. The sheep population has been increased by between 300,000 and 400,000, making the gain in wool production amount to between 2,000,000 and 3,000,000 pounds. The increase is believed to be fairly evenly distributed over the entire country. This is fairly important from an economic standpoint, increasing the revenue that will accrue to producers and thus tending to the exportable surplus of the domestic supply.

The Future British Navy

In its leading editorial, a recent issue of "The Naval and Military Record," speaking of the future development of the British navy, said: "The German fleet has disappeared, and the only foreign power which has augmented its navy on a large scale is the United States. In these circumstances it will not be easy to fit up a working formula to represent our unimmaculate."

"We might, of course, base our future building programmes on the corresponding efforts made by the United States, but the objection to such a course is that it would imply a rivalry in armaments between two very powers on whom the world relies to prevent fresh wars. Few people in this country would approve a naval policy which could in any sense be interpreted as a threat to our friends across the Atlantic."

There isn't a department store on earth large enough to supply everything a woman wants.

As a verminade there is no reputation for a woman's efforts made by her Worm Extirminator. It has saved the lives of countless children.

The average woman would consider it a success if she could find just one man who would make love to her without either shocking her by his silliness or wearing out her patience with his irritability.

Minard's Liniment Cures Burns, Etc.

A Shower

Binks: "You look dreadfully better."

Binks: "My wife has been piling me with flowers."

Binks: "Why, that wouldn't mark me out as the man who has been piling me with flowers."

Binks: "Oh, they were in the pots."

To safeguard the child from danger that worms cause, use Miller's Worm Powder, the medicine prepared by John S. Miller, head of the United States Grain Corporation, and the organs internally affected by the worms, and will encourage healthful growth of the digestive tract. As a verminade it cannot be surpassed in effectiveness.

Why Prices Go Up

From an Address to Congress by President Wilson

With the increase in the prices of the necessities of life, the demand for increases in wages—demands which are justified if there be no other means of enabling men to live. In addition, the increase in wages follows close an increase in the price of the products whose producers have been accorded the increase—a proportionate increase, for the manufacturer does not content himself with that, but as increase considerably greater than the added wage cost and for which the added wage cost is ultimately hardly more than a passing fancy.

The laborers who do not get an increase in pay when they demand it are likely to strike, and the strike only makes matters worse. It checks production, it affects the railways, it prevents distribution and strips the markets, so that there is presently nothing to buy, and there is another excessive addition to prices resulting from the scarcity.

She Hadn't Reformed Him

There was fire in Mrs. Nag's eyes as she met her baby.

"I could see hissing, Joseph!" she exclaimed.

"That's right," responded Mr. Nag. "That's just how you landed me."

W. N. U. 1230

It's up to you to have the best!

The man who buys an inferior article is the loser in the long run. It's the long run that counts.

Lady Rhonda Is Delighted With Canada

Widow of British Fleet Controller on Way to West

Toronto—Lady Rhonda, daughter of the late Lord Rhonda, former British fleet administrator, accompanied by her mother, the Dowager Viscountess Rhonda, Lady Rhonda's husband, Sir Humphrey Mackworth, her brother-in-law, and his wife, Col. and Mrs. Mackworth, Mr. Haig, a cousin of General Sir Douglas Haig, and Mrs. Haig, of Vancouver, B.C., and Canada representative of the Rhonda estates, are on their way to the Peace River country, where the late Lord Rhonda made large investments.

"Canada is a wonderful country," said Lady Rhonda in an interview here. "One feels that its possibilities have only been scratched. Coming from a land where possibilities are almost exhausted, one feels this very strongly."

New Prices for U. S. Wheat

Minneapolis—A new scale of prices for the larger grades of wheat for the 1919 crop was announced today by John S. Miller, head of the United States Grain Corporation, and were posted today on the trading floor of the local chamber of commerce, to become effective Sept. 1.

National Educational Conference

Twelve outstanding addresses by the best known public organizations in Canada, the United States and England.

REPRESENTATION is being asked from every public organization in Canada. If any organization is being overlooked, let it be known. In addition, the conference is being asked for individuals who will attend the conference in their own capacity.

Hunting Fatality at Cardston

Cardston, Sept. 5.—Kenneth
Sloan, the 17-year-old son of
John Sloan, of this town, was ac-
cidentally killed last evening just
at dusk in the first shooting acci-
dent of the season. The young
man with his uncle Lloyd Sloan
was shooting chickens on a farm
about 15 miles south of town.
They were in the brush and in the
dim light the uncle mistook
the boy's head appearing just
above the brush for a chicken.
He fired and two or three pellets
penetrated the boy's brain.
Death was instantaneous.

Canadian Egg Laying Contests Popular

The egg laying contests
throughout the Dominion are
attracting considerable interest.
Already the entries are being
rapidly filled by birds from all
classes of poultry breeders. The
fancier and the commercial man
are being represented as are also
the backyard and the farmer, the
old breeder and the amateur.
Canadians are not going to have
it all their own way either for
both the United States and Great
Britain are going to be represented.
The Dominion Experimental
Farm is conducting no less than
seven contests this year reaching
from Prince Edward Island on the
east to Alberta on the west. At
Ottawa will be held the "Can-
adian" open to the world. Other
contests will be conducted at six
of the branch farms throughout
the Dominion. The farms se-
lected are Charlottetown P. E. I.,
Nappan, N. S., Cape Rouge, Que.
Brandon, Man., Indian Head,
Sask., and Lethbridge, Alta.
All contests start November
first and continue for fifty-two
weeks. Application must be made
to Dominion Poultry Husband-
man, Experimental Farm,
Ottawa. The time of receiving
applications has been extended
to October 15th.

In canned goods there are two
kinds of spoilage. The first is
called "flat sour" which includes
all forms of bacterial growth that
develop within the food. The
second type of spoilage to guard
against is mould, a plant growth
that is distinctly different from
the bacterial growth. Moulded
foods are seldom more than sur-
face affected because air is nec-
essary for its growth, but the
"flat sour" spoilage means that
the entire can must be discarded.
Bulletin No. 93 of the Dominion
Experimental Farms, "Preserva-
tion of Fruits and Vegetables for
Home Use," which may be had
on application to the Publica-
tions Branch, Department of Agri-
culture, Ottawa, gives full in-
formation on the various meth-
ods of canning including old and
valuable recipes as well as new
ones which have been found val-
uable. Canning has become the
most popular means of preserving
large quantities of fruit and
vegetables and since these are
plentiful during the summer
months and at other times diffi-
cult to obtain it is important to
preserve quantities during the
growing season for use in winter.
Moreover the use of an abun-
dant supply of fruit and green
vegetables is essential to health
at all seasons of the year.

C. P. R. OFFERS CUP FOR HARD SPRING WHEAT

In connection with the Inter-
national Soil Products Expon-
sition, which will be held in Kan-
sas City, Mo., September 24th to
October 4th, the Department of
Agriculture of the Canadian Pa-
cific Railway is offering a silver
cup of the value of \$500 for the
winner of hard spring wheat
whenever it is hoped that every
farmer in Alberta who has a
good sample of wheat this
year will submit a half bushel in
this competition. Those compet-
ing for this cup will automatica-
lly become competitors for the
prizes offered by the Internation-
al Farming Congress in this class
which include a first, second and
third prize. In addition they
will have a chance of winning the
silver sample of hard spring
wheat usually the best exhibit
of wheat shown at the exposition
and thus wins the sweepstakes
prize, and the exhibits from
Western Canada generally carry
high before them in this class. Last
year the C. P. R. cup, the sweep-
stakes for wheat and the first
prize for hard spring wheat were
won by Seager Wheeler, of Ros-
terton, Sask., with H. B. Sheley,
of High River, Alberta, a good

second. No cup was offered by
the C. P. R. in 1917, but the
sweepstakes for wheat and the
first prize for hard spring wheat
were won by Samuel Larocque,
of Birtle, Manitoba, in that year.
In addition to the above, other
valuable prizes will be offered for
every variety of field crops. Of
late years farmers from Western
Canada have carried away a
lion's share of these prizes, and
no doubt their exhibits will be
conspicuous again this year. An
official premium list of the expo-
sition is now ready, and a copy
can no doubt be obtained by
writing to the secretary of the
International Farm Congress at
Kansas City, Mo.
